

MH40F/50F Oil Control Guns

DISPENSING EQUIPMENT – OIL CONTROL GUNS

The MH40/MH50 is a low cost oil control gun with a fully integrated mechanical/LCD meter. Suitable for dispensing engine oil, gear oil, automatic transmission fluid and anti-freeze/anti-boil, with a maximum viscosity of SAE 140.

SPECIFICATIONS:

Wetted components:	Acetal, aluminium, nitrile (NBR), mild steel
Accuracy:	+/- 1% (of reading)
Flow Range:	1-30 litres (0.26/8 US gal) per min.
Max. Pressure:	10350 kPa/1,500 psi/ 103.5 bar
Weight:	1.3kg (2.8lbs)
Inlet thread:	1/2" BSP or NPT(F)
Operating temperature:	-10°C (14°F) to +55°C (131°F)

FEATURES:

- Flexible extension.
- Meter with 4-digit resettable batch totalizer and 6-digit accumulative totalizer.
- Protective shroud surrounding the meter.
- Robust aluminium handle with plastic trigger and guard.
- Dispenses up to 30l per minute (8 US gal per min).
- Automatic non-drip nozzle.
